

Costruzione Macchine Automatiche

Packaging Solutions Since 1975

## Since 1975 we offer to you our experience in packaging

**Imball S.r.l.** manufactures and supply worldwide packaging machines and complete end of line solutions.

Experience, reliability, worldwide support and service, allow us to act not just as supplier, but also as partner proposing or developing innovative packaging solutions.

Continuous research and innovation together with regular and constructive dialogue with customers, allow us to offer machines and systems constantly updated for :

- Latest technological evolutions
- Safety requirements
- Reduction of maintenance
- Ergonomic requirements for easy & quick change over, machine maintenance, etc.

**QUALITY** has always been the key-word at Imball, and our best reward is the trust of many satisfied customers, who appreciate the superior construction technology of our machines, which are able to withstand the most hostile of operating situations thanks to a combination of solid mechanical design and reliable electronic, as well our quick and constant support and service.

**Imball s.r.l.**
